

Asta® Drip PC Spike Dripper

A landscape and nursery dripper incorporating an anchoring spike that delivers precise amounts of water direct to the plant root zone. Asta® pressure compensating (PC) spike dripper has a sealed turbulent flow path and diaphragm to maintain uniform discharge rates over a wide range of pressures.

Features

- Three colour-coded flow rates: 2 lph (Red), 4 lph (Black) & 8 lph (Green).
- Turbulent flow path & self-flushing cleaning action at low pressure.
- Outlet includes insect baffle to minimise blockages.
- Inlet barb has built-in filter.
- UV stabilised materials for long life.
- Self-flushing cleaning action at low pressures.

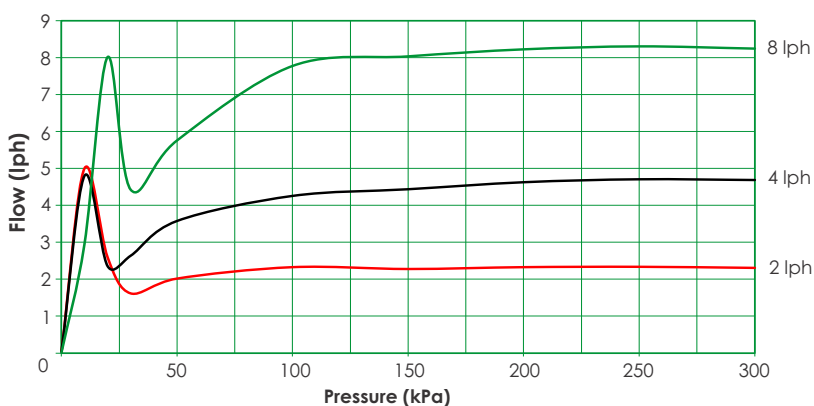

Applications

Nurseries, shade houses, tree lots and landscape applications.
